“ *Margaret and family...I send my deepest sympathy to all of you guys for the great loss you are suffering. For me, Larry was a childhood friend who I spent much time with in the fields and woods around our homes off Old Hwy. 19. My memories are of a great, loving young man who protected his little brothers like a big brother should. Although many years have gone by since we moved from the area in 1964, I still remember how close your family was and how much love exuded from your home. God bless you all. I am praying for His comfort to heal your broken hearts. Isaiah 51:12 (NIV)*

“ I know you are a strong one and I have always admired your quick wit and wonderful laughter. This, I am certain will be a real struggle, but being the person you are--you will endure. You and Bill raised some fine boys. Just remember, we will lift all of you up each day for strength during this difficult time.

“ Dear Margaret, Gary, Barry and Family,

My sincere condolences to each of you and to all of those that Larry knew and loved. Many of my fondest memories of days growing up in Huntsville include times of laughter and great fun with Larry and his brothers. One memory that I will never forget took place late one evening when Margaret and Bill slept in their bed. Larry, Gary and I pushed the turquoise Fury III out of the carport, up the drive and out on the road. After which Larry and Gary produced a man and woman's hat, put them on and off we went to the Red Onion to have a late night meal. There were many good times and the Johnson's were like a second family to me. I'm sorry I can't be with you during this difficult time, but know that I am thinking and praying for each of you.

*Much love,
Steve Sumter*

“ Dear Margaret and family,
I am so sorry to hear about Larry and want you to know I am keeping you and the family in my prayers. I will always have a keepsake that Larry left me, as childhood friends. On one of those Sunday evening visits that my family made to see your family, Larry was chasing me to try to kiss me (we were about 1st or 2nd grade!) and I slid on the floor and hit my head on a coffee table. After stitches, the fall left a scar over my right eyebrow and has become more prominent over the years. My new husband commented on the dent over my eye just last week. Only a few people know about this incident besides family, but whenever anyone asks about the scar, I gladly tell them how I got it!
May the Lord comfort you mightily in this time of loss. God bless you,

“ A few weeks ago I called the Dallas DPO office after seeing Larry's name. I was unaware that he had returned to Dallas. I thought I would give him a quick call. About an hour later my ear was tired and likely red from one of the longest phone calls to anyone in recent months. We laughed as always about anything and everything. That phone call made my day complete and I felt a certain amount of relief from the normal grinds of life. Not even my family calls me "Lawrence Harris" anymore, but Larry always did and I will miss hearing it with that witty leveled tone he had mastered so well. I will remember some of the funniest times of my life, and the good thing is that I had them and I have Larry to thank for many of those times. LHM. (Larry, I will miss you!)
