“ *Aunt Linda, I've always been the overly sensitive one in the family. Its never easy on me to say whats in my heart without breaking up. Everytime we spoke you called me sweetie, everytime we spoke you told me that we were so much alike in that we loved long hair and rings. I feel so bad for you that you had to go through this time in your life so early. You touched all of us in different ways. Thank You for being my aunt, IM glad we were always able to talk and laugh and I hope that on the times when I didn't always agree with you , that you understood. Please tell my grandmother that I love her and I miss her very much and that she needs to visit me in my dreams. Love Laura*

“ You was like a mom to me and told me the truth weather I wanted to hear it or not. I still find it hard to believe that your gone. I find myself picking up the phone and wanting to call you. I miss you so much and I am going to miss talking to you almost everyday. You always did make me feel better when I was having a bad day. Your the one person I know that really knew me and what I go through with Kaycie. I love ya girl and will always miss you! I can't wait to see you again so I can see your beautiful wings.
