“ Bill and Louise were best friends with my parents growing up in Teague, Texas. There was never a time then or in all of the 30 years I lived in Huntsville, Texas, that Louise was never nice to me. I always thought so much of her. I just read this, and am very sorry to hear.

“ *My heart is broken that I have lost my sister and my very best friend. Since she and I lost Bill and Bobby we were always there to comfort each other sometimes to way in the night. Boy we could have some of the greatest conversations at around 1 or 2 in the morning. I will miss you dearly and all our visits. I love you and will always have you in my thoughts!*

“ Diane you were the perfect caregiver for your Mom. You gave all of yourself and then some. She fought a great fight till the very end and you were in the "ring" with her. She may be gone from this earth but she didn't go alone - God sent his special angels to escort her right to His arms and said "Welcome Home My Child your heavenly journey has just begun". To be absent from the body is to be present with the Lord - no more pain, no more suffering, no more need for hospitals or rehabs. She will have a new body that will be "perfect" and she will see her beloved "Bill" who has been waiting for her. She will be missed but the precious memories of her will live on forever. Weeping may last through the night but joy comes in the morning. She would want you to know how much she thanks you for your love and care and would want you to live the rest of your life in peace and harmony. May the Lord ever bless and keep you in His care. Love, Don and Sue
