“ *Debbie Fry and I shared Chi Omega memories at U of A, Fayetteville, AR. With long blonde hair flowing, she was a fierce competitor and loyal sorority sister, and enjoyed being in the midst of a strong circle of friends. I'll remember her fondly and pray that sweet memories strengthen her family in their grief.*

“ *I met Debbie the first day we started training at TWA Breech Academy 750419-our hire date-we lived together in Chicago and started our TWA lives-she was the kindest, sweetest friend anyone could ask for, and although our paths went different directions over time-we could always pick up where we left off-with the same warmth and caring she always showed. I will love her forever and cherish the memories of the Debbie I knew-All my love to you Jillian, Steve, Heather and family-we will all miss her sparkling smile, laughter and all the inner beauty anyone could possibly have. Dearest Debbie, may you have the peace you craved-and the love of all the angels above. Warmest regards always*

“ I loved playing tennis with Debbie. She was a fierce competitor and a wonderful doubles partner. I was always excited to run into her when we both happened to be on the same flight usually heading to DFW from IAH when she was commuting to work or back to IAH from DFW. I would always look around the gate to see if she was catching a ride on the same flight as me. We'd manage to get seats together and that short flight really flew by! Ramon and I enjoyed getting to know Steve and Jillian, too, when we cruised together in the Mediterranean many years ago. What fun we had!

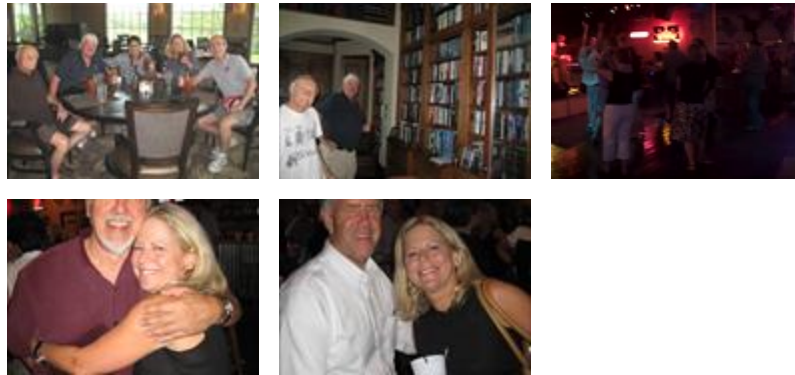

Our hearts and prayers are with Debbie and her family for peace and comfort.

“ *I have so many memories of Debbie. I met her when she was still in High School and I was 5 years older and just married to her brother Mike. She was this little thing with blonde hair to her waist. She visited many times in California. One very clear memory was at my wedding to Mike. They all danced till forever after Mike and I left the reception. So she had blisters on her feet. The next day my brother Paul took her to the beach and she rode on his back piggy back style cuz her feet were burning with the blisters. Rest well Deb and know you were loved!*
