“ *To my best friend, the father of my children, the love of my life, I love you! I miss you more than you will ever know. You are all I've known since I was 19 years old, I have no clue what to do with my life now. All our plans we had to raise our kids and grow old together are gone. I'm grateful for the 8 Years we had but it's not fair that's all we had. You were a great spouse and an even better father. I will make sure our children grow up to know what a wonderful man and dad you were. I love you boo, watch over us.*

“ Dear Matt,

I'm still stuck in shock, knowing that I will never be able to tell you this in person. You were a great man, and I will always cherish all the memories we shared talking about trucks and working together. You treated my sister, my niece, and nephew, with respect, and loved them with all of your heart, and as her brother and thier uncle, I will always remember and cherish that. Thank you for everything you've done for all of us. You will be greatly missed..

Sincerely,

Tyler

“ *We first met you as "Baby's " little brother. You and Stephanie were so different but alike in one respect. You both were larger than life personalities. I know that you came into this world fighting. Being born prematurely, you learned to fight early. We have watched you mature and become a husband and father. My fondest memory is the day I saw you when Alexis, was just a few months old. You were absolutely beaming as you spoke of "your baby girl". Give "Baby" a kiss from us. We will miss your spirit and your smile.*

“ To the Gregg family,
I should just start with this-Matthew was awesome. He was super goofy hearted, kind natured, easy going but down for the fight if it had to come. He always did what he thought was right. No matter what people thought. He was the kind of person that you would want to get stuck in a foxhole with because he'd never abandon what honor demanded of him. I saw all of these qualities in him as we grew up towns apart. I know these traits were deeply embedded in his character because I saw him tested many times. I wish I had more recent memories but I know everyone else will fill in what I missed. You all are in my thoughts.
