Dear Family of Mrs. Maurine Niewenhous,

My name is Blossom and I am very sorry to hear about the death of your loved one,

Mrs. Niewenhous. I can only imagine the pain you all may be feeling at this time, and this is the reason I am writing to you, in hope that it will provide some encouragement.

From what I read about her life in the newspaper, she had a real love for life and

for her family. Wouldn't be nice to see your loved one again in a paradise earth? According to the

scriptures, the vast majority of the dead will be brought back to life right here on earth.

(Psalm 37:29). They will not be resurrected to a world filled with violence, strife, bloodshed, and

pollution. If the dead were to be brought back to life on such an earth, any happiness they would

have be short-lived. Rather, God has promised that he will soon bring an end to such badness

and wickedness. He will then fulfill his purpose for the earth and make it a peaceful and happy

place to live for everyone worldwide! Isn't that wonderful to hear?

As we can remember the personality of our loved one, we recall what they were

like, and we desire to see them again. How much more so does God, who loves mankind so much

that he gave up his only-begotten Son to provide a resurrection for us. God remembers everything

and can bring back to life the same person with the same personality, back to life to live on a

paradise earth. What a wonderful time that will be for you, your family, and everyone worldwide!
The Bible can answer any question you may have at this time such as, Why does God allow suffering now if he really cares for us? or Was it always meant to be like this?

I hope everyhting goes well for you and your family. Please feel free to get in touch with me at the above address at anytime.

*Sincerely,
Blossom B.*
