“ *Bill was a very Dear friend and like a Brother to me. I believe that a true friend is someone you can count on during the good times you share and the difficult times that life brings to us. Although we have been separated in space for many years when ever we spoke it was like it was just yesterday we last spoke. I know as Bill built Chemmark it was always to build a Legacy and something his family can continue to grow and prosper. My only wish is That he would have taken more time to Truly Enjoy His Life. He really can be remembered as a Person with incredible Work Ethic. I will miss him Dearly yet will have some wonderful memories to be reminded of often. God Bless his soul and family.*
