“Dad, you are already missed. You lived a life as a **SELFLESS** person opening our home to friends and family when needed. You were a true **LEADER**, accomplished so much and successful in your career. I could always count on you to provide me with solid advice and you were our family's rock. You inspired me to be the best I can be, even when I didn't believe in myself. You never believed in quitting and inspired me to finish what I started. You have always been one of my biggest supporters. You were a **PROVIDER** and taught me how to work for what I want/need. You were **OUTGOING** and made friend's wherever you would go. Even when you weren't feeling well I witnessed you joking with nurses and doctors. You greeted and made friends with the other patients in the waiting room. You liked to build relationships and give friends and family nicknames by adding "y", "ie" or "ee" to the end of their name. I treasure my nickname "Lisee" (pronounced Lee see). You were **STRONG**. Once you were diagnosed, you remained a fighter and stayed strong. The doctor gave you 6 months to live, you fought and lived for 2 years. You never complained.

*I've always been proud to say that Robert "Bob" Farrell is my father.*

*Thank you Dad for your love, support and guidance throughout your life.*

*We all miss you Dad and your memory will live on through all of us.  
We love you.*

*Poem By: Ron Tranmer*

*Little I knew that morning,  
God was going to call your name  
In life we loved you dearly,  
In death we do the same.*

*It broke our hearts to lose you,  
You did not go alone,*

*For part of me went with you.  
The day God called you home.*

*You left us beautiful memories  
Your love is still our guide.  
And though we cannot see you,  
You are always by our side.*

*Our family chain is broken,  
and nothing seems the same.  
But as God calls us one by one,  
The chain will link again.*
