

Robert Walker Poole

January 4, 1954 - December 30, 2017

Robert Walker Poole was born on January 4, 1954 and passed away at home in Huntsville, Texas on December 30, 2017. He is preceded in death by his parents Robert and Helen Poole of Madisonville, Texas and his brother Raymond Earl Poole of Tomball, Texas. He is survived by his sisters Elizabeth Delfeld and husband George of Midway, Texas and Cynthia Wright and husband Steve of Bolivar, Texas and the love of his life Carlene Svatek of Huntsville, Texas. Along with assorted nieces, nephews, and cousins.

To describe Bobby might prove to be difficult but I will try.

He was a very handsome, hot, lovable mess! Made me mad and frustrated more times than I could say, but then he had a wonderful personality, wore his heart on his sleeve and could just break your heart with his love, empathy and compassion for his fellow humans and animals alike. We have always said if Bobby only had \$1 and someone needed it he would gladly hand it over!!!

He served his country in the Army for two tours of duty and really seemed to enjoy most of this experience. In the rest of his life he was generally a jack of all trades even to cutting and bailing hay. He worked in the off shore oil rigs as a cook and became as great of a cook as our father.

He loved many but the soul of his heart belonged to God and Carlene. Bobby

was a godsend to our parents in their later life, but also contributed to a lot of their gray hair.

His final years with Carlene by his side, was the final highlight of his life. Bobby lived a lot longer than he might have with her love and caring.

You will be missed Bobby and I love you greatly.

Liz
