“ I just received the information of Ronnie's passing. I sent Donnie & Ronnie an email and Donnie emailed me back to tell me Ronnie had an accident. I was so sadden by this great loss for all who knew him. I worked with Ronnie at PGI International. I left in Sept 2005 but stayed in contact with him via email. The first day he came to work at PGI I immediately was drawn to his gentle, caring and kind ways. His smile and warmth filled the room with an ease and acceptance to all. When he would come to the reception area to check his mailbox I always enjoyed talking to him about spiritual things. I know I will see him in heaven. I'm sure he is there smiling, laughing, inspiring, loving and giving of himself on the other side as well. I know we will see him in heaven when we get there. I know his smile and arms of love will be reaching out to welcome us all. What a time of rejoicing that will be.  
My thoughts and especially my prayers are we the family.  
May God Bless and send you peace that passes all understanding.

“ I worked with Ronnie at Multiflex. He was in Magnolia and I at the Port location but we spoke almost daily. When I heard the news, my first thought of Ronnie was his beautiful smile and laugh. Ronnie, on a daily basis, went out of his way to complement you or just say a kind word. He was always supportive, reassuring and kind. He cared about people and he let them know that he did. Whenever you had any contact with him, you smiled because he always shared his smile with you. He was a gentle man which I will miss a great deal. God Bless and Keep You.

“ Ronnie was a dear friend to everyone. He was especially considerate of all the ladies and never missed the opportunity to send e-mail cards for special occasions. Everyone's spirit was lifted just to be in his presence. I had the pleasure of working with him at our Magnolia office. He made my job so much easier. He will be missed by everyone who had the pleasure of meeting him. George Eliot said, "Blessed is the influence of one true, loving human soul on another".  
Ronnie was that soul.

“ Thinking about Ronnie brings a range of thoughts and emotions. He was a loyal friend who critiques positively but honestly, always ready with a smile and a kind word and a forever fan. I only knew Ronnie about three years, but the impact he had on me made it feel like I had known him my whole life, he had a certain energy that allowed you to build an instant bond and a friendship that would last forever. It started at the races, he and Donnie were like statues in the grandstands, being there every week, and I could always count on their support and advice. As time carried on he took more passion in my racing with pictures, videos, etc. I didn't fully grasp the extent he enjoyed it until the video of the Texas Grand, he must have analyzed that thing every night, he was coming to me everyday at work for the next month and a half, discussing it, and telling me how Mrs. Brown kept warning him of wearing out the film. I am honored to have been a part of his life, in the short amount of time I was.

Ronnie was a true friend and a great guy. He always had an open hand and a heart of gold. You always knew that he was there for you in whatever you may need. His support and guidance could always be counted on. We lost an amazing man and genuine friend. He will be greatly missed.

*Thank you for all the memories, I will cherish them forever,*

“ I have known Ronnie for about 25 years and will cherish all of the great memories and laughter that we all had. Cliff and I will always remember all the great times with Mary and Ronnie and all of the bowling leagues, Oiler (luv ya blue) football parties and fun get togethers that we had. Ronnie always had a smile on his face. He was someone you could always count on. I will miss him tremendously. We will never forget him.

“ I have with worked closely with Ronnie for the past couple of years. When I first met him it did not take long to know he cared about the people around him and the quality of the work he did. It was enjoyable to be around him when times were both light and when they were difficult. Ronnie was a friend that embodied the expression a friend in need is a friend indeed. My prayers are with his family and friends. I will miss Ronnie.

“ My deepest sympathies to the family. I had two "tours of duty" with Ronnie. The first at Baroid and then at Multiflex. I had a great respect for his work, as well as for him personally. He was a generous and giving friend who would do anything for you that was in his power. He cared deeply for his family and I know that he will be missed.

“Ronnie was a personal great lost to me and my family. If you were to ask my wife and most women that knew Ronnie they would describe him as one of the sweetest guys they ever meet, and most men would describe him as a trusting friend. My relationship with Ronnie goes back 34 years where our friendship started back in high school. Even back then I knew that I had developed a relationship with a special individual. In the 34 years I knew Ronnie, I watched the way that he interacted with people, people generally were automatically drawn to him. This may sound a little cliché but Ronnie never meet a person that he couldn't strike up a conversation with, and once he developed a relationship with you, you can bet your life he would be there for you if you needed him.

Before I hired Ronnie at PGI I had also hired him to work with me at Sperry Sun Drilling services and like PGI I always knew what I was getting. I was getting someone very loyal and trusting, dedicated, someone with great leadership attributes, an individual that people would right away sense his fairness, felt they could trust, and would be easy to build a personal and working relationship with and would be willing to follow, and in all this I think most people here would grade Ronnie as one best PGI has had.

If I would use one word to describe Ronnie that word would be “sincere” because you always new what you got with Ronnie, there was nothing fake about him.

He was sincere in the way he lived his personnel life, his professional life and in his relationships and the way he approached all three of these he based it on what he truly and deeply felt about people.

Whether you have known Ronnie for 34 years, 3years 4months or 34 minutes, we should all feel very fortunate to have known Ronnie, and cherish those memories we developed with him. I know I do and I will personally miss him.
