“ *I'm sorry to hear about Ms. Kennedy's passing. I grew up with her grandson, Jason. I spent pretty much every weekend from 4th grade until she moved to Texas at her apartment. I felt as if she had become my grandmother too. I always felt at home with her and I appreciated that. She will be missed but I am very thankful that she was a part of my childhood memories.*

“ *I am truly sorry to hear of your loved ones death. I started my nursing career as a new graduate working with Mrs. Kennedy at Natchez Regional. She was my mentor, working friend and a person who was always professional in her care for her labor and delivery patients. She also worked along side my mother Jessie Whitten for many years. They had some good times working the 3-11 shift.*

I lost my mother a few years ago so I know the grief and sorry all of you are facing. May God's blessings surround you in your time of sorry.

“ I am so sorry for the loss of your mother. I worked with her many years ago for a short time at Jeff Davis Hospital and I was also her patient. She was a very dedicated nurse whose compassion and caring touched many people. Carolyn Verucchi

“ Tracy (Mikey) - I was so sorry to hear about the death of your mother. I lost my Dad in September and I know how difficult this time can be. I have some wonderful memories of our teenage times on Dogwood (and running your mother crazy always wanting to borrow the "bug" for cruising Vidalia). Both of my children got a good start in this world because of the wonderful labor and delivery coach I had with your mother. The memories are all we have after we lose our loved ones. I know you will have many good ones to remind you of better days. Give my condolences to Debbie. I live in Gulfport now. If you get a chance, send me an e-mail and let me know how to get in touch with you. Again, Mikey, I am truly sorry.
