“ I went to school in Quincy, MI with Shawn. I remember very fond memories of Shawn in Gym, English and Math. He always had funny things to say unless I didn't agree with his love of Detroit teams. He always had a way with talking to people and making friends. It hurts me to know I didn't keep in contact after high school and get to know him better. I can only imagine the pain and sadness everyone is feeling at this horrible tragedy. Shawn deserved to see his children grown old and be surrounded by grand kids and his family. My heart goes out to his family and friends as we go through this horrible loss. May Shawn touch the lives in heaven as much as he did while he was with us. I miss you Shawn

“ It was so nice to know you so many years ago. The memories was made that I will never let go. You became and wonderful dad a great husband too. So sad to see that their eyes are filled with tears too. Taken at a young age and a live left to years. But know you will always have your name live on to those that loved you dear. RIP you will never be forgotten or left behind. Your name will always be for your children to fill in that blood line. Will always miss you.
