“ *Clara, we were shocked to just now learn of your sudden loss of Sheldon. He always greeted us with a smile and a hug and was always in an upbeat mood. He was delightful to chat with and will be sorely missed by us. We know you are devastated and in shock, but if there is anything at all we can ever do just give us a call.*

*We hope to come by some time when you are at home and tell you in person how fond we were of Sheldon and express our sympathy. In the mean time please know you and the family are in our thoughts.*

“ Its crazy how fast the things happen.. i never would have imagined it would have been him. He's my step-dad and that will never change. I love him just like he is my real dad. He took such good care of us and always made sure we had everything we needed.. My son, Ethan miss his pawpaw so much. It kills my heart everytime he says "Momma i wanna go play with pawpaw" But the best thing ever is when you ask Ethan who is best friend is he says "my pawpaw" I love you bucky.. RIP!

“ I am lifting you up in my prayers. May God comfort you during this time.  
I only knew Sheldon when I was a child at school. I remember him as being kind, sweet and funny. Moved away and never kept up with my school mates very well.  
Best to all of his family and friends.

“ My heart goes out to Shelton's family. I went to school and graduated with Bucky and he was still the same sweet person greeting people at Walmart that he was back then. He will be missed by many people. My thoughts and prayers will be with his family. Rest in peace, my friend.

“ I went to school with Bucky and we graduated together and after high school in the 70's we ran in the same crowd. Me, Bucky, Danny King, Thomas (Well-Digger)Anders, George Carmichael, and Judy Beggs. We were wild and crazy, but we had so much fun. Bucky sometimes tried to be the voice of reason, but he would always cave and just go with it. I could tell you some of the things we did, but I don't know how long the statute of limitations runs on some stuff. We would stuff ourselves in my red Gremlin with George's long body half out the window and just go. I loved all those guys like brothers and I am so sorry to say goodbye to another one. We all grew up and matured into model citizens, but the memories survive and they are crazy. I will miss you Bucky. Peace.
