“ *Natalie,*

I know how losing a mother feels first hand but know that she is now in a better place and is still watching over you. You and your mother shared such a special bond. I'll always remember her walking you to the door of my room every morning. She had such a beautiful smile and so much love for you. That love is still with you. I'm leaving my number in case you ever want to call me. 512-964-1115

“ Sherri was a dear friend to me and my family and we will all cherish the fondest of memories we made together. We have stayed close over the years and always made time for our kids to see one another as they were growing up. I was honored to be her friend and to walk through her cancer journey with her over the past nine months. We shared much laughter and many tears together. I admired her courage and strength and her willingness to never give up. Sherri's life with us was much too short but I am so grateful for the time we had together and for her wonderful friendship.

Johnny...thank you from the bottom of my heart for taking care of Sherri over the last nine months. Even though many of her friends helped, it was your strength and constant support that made her feel safe. Natalie is so blessed to have you...just as Sherri was too.

I will miss my sweet friend more than you will ever know, but sharing her passage of finding inner peace will always be dear to my heart. I know she is watching over all of us...especially Natalie.

Until we meet again my sweet friend...
