“ This special angle will be missed by all the people that knew her because she was such a joy to be around. She was a friend of my Son's from high school and it had not be that long ago that she can by the house to visited and just catch me up on what had been happing in her life. The last thing that I said to her was to stay safe, to always remember what a special person she was and to always believe in herself.

Let not your heart be troubled: you believe in God believe also in me. In my Father's house are many Mansions, if it were not so, I would have told you. I go to prepare a place for you. and if i go and prepare a place for you I will come again and receive you to Myself: that where I am there you may be also.
