

Dr. Terry David Bilhartz

January 13, 1950 - December 12, 2014

Terry Bilhartz, 64

Dr. Terry David Bilhartz, age 64, passed on to his Heavenly home on December 12, 2014. Born on January 13, 1950, to Joy Coleman Bilhartz and Harrell Lewis Bilhartz, Terry had a wonderful life well-lived and was beloved by all those who knew him. He graduated from Justin F. Kimball High School in 1968. He obtained degrees from Dallas Baptist College (BS), Emory University (MA), and George Washington University (PhD), and completed post-doctoral studies in history and religion at Vanderbilt University, Stanford University, the University of Connecticut, the East-West Center at the University of Hawaii, and the Australian National University.

Terry was a professor of history at Sam Houston State University where he taught and mentored more than 18,000 students during his career. He authored more than 50 articles and book chapters in the fields of history, religion, philosophy, psychology, and medicine. He is the author of *Urban Religion and the Second Great Awakening*, *Francis Asbury's America*, *Images of Texas in the Nation* (with Paul Ruffin), *Constructing the American Past* (with Elliot Gorn and Randy Roberts), *Sacred Words: A Source Book on the Great Religions of the World*, and *Currents in American History* with Alan Elliott). In the last year of his life, he founded Green Publishing House, a company dedicated to the production and global distribution of scholarly, peer-reviewed

books in both digital and print format (www.greenpublishinghouse.com).

He leaves a legacy of living each moment to the fullest and always giving of himself cheerfully and wholeheartedly both at Sam Houston State University and at First United Methodist Church in Huntsville. His wife, Patty Morell Bilhartz, and his two children, Rocky David Bilhartz and Teriann Noel Bilhartz Maxwell, could not have been more blessed to have Terry for their husband and father, respectively. He was an inspiration to his friends, family, colleagues, the students that he taught, the youth with whom he worked, the players that he coached, and the animals that he loved. Perhaps the greatest title he ever held was that of "Papa Terry," the name he was called by his three beloved grandsons, Preston Bilhartz (age 7), Peyton Bilhartz (age 4) and Carson Maxwell (age 14 months). There never was a more devout, loving, dedicated grandfather than Terry, and his grandsons knew the extent of his love for them.

His immediate family consisting of Patty Bilhartz; Rocky, Lindsey, Preston, and Peyton Bilhartz; and Teri, Scott, and Carson Maxwell will continue to honor and celebrate Terry's profound life by "relishing the remarkable ride," a philosophy that Terry embraced. A memorial service will be held on Tuesday, December 16th, 2014, at 4:00 PM at First United Methodist Church, 1016 North Sam Houston Avenue in Huntsville, Texas.

Those that would like to leave memorial condolences for the family may do so at www.shmfh.com

“ *Just heard the news about Dr. Bilhartz. I am so incredibly saddened I did not know before now. He was such an inspiring professor, I loved going to his class and still talk about him to this day. He could truly light up the room with his love for History, I was just saying the other day I would go back to SHSU to take another class of his. On this Easter day the family are in my thoughts and prayers.*

“ I'm saddened to hear this about Dr. Bilhartz. I had the honor of taking both of my core history classes from him as a freshman at SHSU, ten years ago. While I have forgotten the names of many of my past teachers, Dr. Bilhartz is one of the few teachers I remember, one of the professors who I felt made a difference in my college experience. He taught in such a way that I felt like the required class was worth the time, and I came out of it with an appreciation for a subject I didn't care to learn about before. My thoughts and prayers go out to his family!

“ I just found out that Dr. Bilhartz passed away. I was one of his students and I wanted to share that I enjoyed the classes that I took with him. He challenged me to think critically and he was a wonderful professor and person. I am so sorry for your loss.

“ I am saddened to hear of Dr. Bilhartz's passing. I just completed his American Culture and Religious History class in my first semester at SHSU. I enjoyed his insights and comments on both my posts and papers. He was a great teacher and an even better human being. Heaven is a little brighter with him in it even though our lives are a bit dimmer without him. He has touched many lives, especially mine. May God be with you family during this trying time.

“ I have been away to law school and only just heard about Dr. Bilhartz passing from another former professor that I ran into only moments ago. I was deeply saddened by the news as I remembered Dr. Bilhartz fondly from my time at Sam. I was privileged enough to have worked closely with the History Department and know what an important part of it he was. He will be missed dearly both by his colleagues and by the countless students whose lives he touched. My prayers are with your family in this time of grief.

Terry was a good friend and classmate at Kimball High School. He could always cheer me up if I was having a bad day! He got me through Mr. Boyette's gym class! I will forever be grateful for that! I know I will see him again some day at the banquet table in heaven with our Lord and Savior, Jesus Christ!

“ Terry taught me in Bible my junior and senior year at Tyler St. Christian Academy! He was so enthusiastic, making the Bible come alive! Terry would always offer lots of extra credit. If you studied, paid attention in class, did your homework and reading you could get an A. That inspired me to want to teach one day. He was our youth director at Tyler Street UMC and was my geometry tutor. I never would have passed without him! He married my sister! Through the years, I have been most impressed with how he was so great with babies and children. He was probably the most incredible with his grandchildren. As great a teacher as he was - he was that great a grandfather. The most special thing Terry ever did for me was to fly all the way to remote NC and sit with me during my husband's funeral. We sang the hymns together and his kindness gave me strength to sing and be strong. We will all miss him and remember.

“Patty and family, I was contacted by my mother a few days ago informing me of Terry's death. I am sorry I waited for someone else to let me know when and where the service would be held for Terry, but it was not much different than the time I have let pass by without contacting you and/or Terry over the years. I remember us getting together a while back at Camp Forest Glen when we were there with our youth group from Katy Bible Church. Anyway, I have felt lonely the past few days knowing that he is gone from this world, but I am looking forward to seeing him in the future. Even though we have not communicated much over the years, I still consider him a dear friend, my first college room mate, a groomsman in my wedding, and I continue to go over great memories about times we had together. I will be praying for your family as, like me, they go through a time of mourning. Anyway, I miss him. May God bless you as you continue on in this life.

My mom asked that I include their names on this also, because she always considered him part of our family. So Emerson and Eleanor Connell are thinking of you also.

“ My sincere condolences to patty and family. I was blessed to attend Terry classes at Methodist church,so enlightened and touched by his skills as an educator yet touched deeply by his faith lived in action and peaceful graces. Much graditude that God blessed so many by the far too short timeTerry was here ,may we all take the wisdom and examples he set forward and share the blessings. May you find comfort in the memories and peace knowing you were so loved ,so well. I pray you will be showered with the graces he taught and lived. Pat obrien

“ Professor Bilhartz lectured with so much enthusiasm and passion that I enjoyed immensely his classes. I never wanted to miss a class and he is one of the top professors from Sam Houston State. I recall his personal recount of where he was when JFK was killed. I remember his book, co-authored with two more professors, Constructing the American Past. “ *Patty: God bless you and your very special family as you mourn the loss of Terry. You and Rocky were remarkable as you gave such amazing tributes to Terry at the service. At the SHSU Academic Awards dinner earlier this fall, I spent at least 45 minutes talking to Terry about the special lives that we both were blessed to have. We also spent some time recalling the amazing "gift" of purchasing your grand piano about the time you were preparing to attend medical school. The joy with which he spoke of that earlier time and the excitement of his "growing" family was a conversation I have recalled many times (with others, as well). His model for this life is one I will always admire and deeply cherish. Love to you, dear friend! Carol*

“ Very simply, Dr. Bilhartz was the epitome of what all fathers should strive to be. He was a man of God, he was a man of education. He took his profession of teaching and utilized his gift to teach others about God and how to be kind to everyone. He created and raised together with Mrs. Bilhartz two fantastic kids, one of which I have had the privilege to call one of my best friends. He was able to balance church, family and teaching and then was able to wear the hat of a coach. I will never forget the fire and passion he brought to a ballfield. His famous saying I will always remember was, "Come on Rocky, hustle, hustle, hustle!" Mrs. Bilhartz, Rocky and Teriann, he was a great man, I'm glad I had the privilege of knowing him and to be one of those kids he had a massive influence on. May he rest in peace and may our prayers lift your spirits up. We love you.

“ My deepest condolences to the Bilhartz families. I'm sorry to hear about the loss of someone who's touched as many lives as Dr. Bilhartz. Some Bible scriptures that have helped me during times of loss include Isaiah 26:19 and Palm 37:29 which state in part: "Your dead ones will rise up." And the Bible also says: "The righteous themselves will possess the earth, and they will reside forever upon it." Therefore the Bible promises that there will be a time when we may be reunited with our loved ones lost in death by means of an earthly resurrection. This is further confirmed by John 5:28,29 which says "Do not marvel at this, because the hour is coming in which all those in the memorial tombs will hear his voice and and come out." This is possible thanks to Jesus Christ's ransom sacrifice. Thus we have a genuine hope of everlasting life in a world without wickedness or suffering. I hope these scriptures will be of some comfort to you. For more encouraging thoughts on this subject, please visit www.jw.org

“ My deepest condolences go out to Dr. Bilhartz's family. I only knew him briefly, but he left a lasting impression on me. He was my professor of history when I was a freshman at SHSU and he was by far the most knowledgeable and energetic instructor I've ever had. He had such a passion for what he did and it showed. In a class of more than 100 students, he was always available to help and answer questions. He made the subject exciting because he was excited about it. When our paths would cross out of class, he always had a smile and a friendly hello. The world lost an amazing man. He will be deeply missed by all who knew him.

“ *I'm so saddened by this terrible loss. Terry was my good friend, trusted advisor, and philosophical soul mate. The loss is also to SHSU. Terry was one of the best all around academics I've known. He did everything well from teacher to scholar to department chair to associate dean to colleague. I'm particularly saddened for his family, especially Patty. There will be a void in their lives that will never be filled with anything other than fond memories. But, I believe that Terry now has the answers to the ultimate questions that we often discussed. He will be remembered in our hearts until we join him with the answers. For the rest of my days I will treasure the memories of this wonderful soul.*

“ Terry was my professor, mentor, and friend. I first had an undergraduate class with him in 1998 and he later served as one of my advisors during Master's work. As I continued my graduate education, Terry never failed to ask how I was progressing and he always offered an encouraging word. Then upon finishing graduate school, he opened my first professorial door when I taught as a visiting professor in SHSU's history department. I will not soon forget the time I spent with Terry during those two years. Thanks to him, I grew both as a scholar and more importantly as a person. Up to the end, Terry mentored me; I received an email reply from him just a few hours before he passed. As usual, his message offered sage advice and deep encouragement in my professional pursuits. When I think of Terry words like excellence, erudition, kindness, compassion, and joy come to mind. I will miss him.

“ Few people at Sam Houston State University; at First United Methodist Church; in Huntsville, Texas; and indeed, in the wider world; are regard as highly as Terry Bilhartz. “ Terry's teachings were a blessing to be absorbed. He could help make you feel like we were all a part of the lessons learned. He never missed an opportunity to share great stories about those awesome grandsons. Patty, Rocky and Teriann...the Bilhartzs were all great neighbors. Prayers for healing and a lifetime full of fond memories!

“ *A finer man I have never known. This world has lost a true Christian warrior and we are all poorer for it. My entire family has been so wonderfully blessed by the Bilhartz family and we are all so saddened by Terry's passing. Our hearts go out to you, Patty, Rocky, and Terriann. Terry was always a model for me to try to follow, though I could never match his goodness. Few can.*

“ *To the entire Bilhartz Family, I send my deepest condolences. This is such a loss for you all, family and friends, SHSU and all those that Dr. Bilhartz encountered. I don't think I ever saw him when he wasn't smiling or just exuding that gentle, approachable soft nature of his. From meeting him in high school, to actually having him as a professor in History during my undergrad, to continuing to see him frequently across campus as a staff member, I always enjoyed our paths crossing, however brief or long they might be. I will truly miss him. My thoughts and prayers to Patty, Terriann and Rocky and the entire family.*

“ Terry was such a special person to our family. He taught my daughters in Confirmation Class and I was blessed to be able to hear his lessons twice. He was a fine Christian man. Well done good and faithful servant. You will be missed. Our prayers for Terry's family are for comfort and peace and may God lift you up and carry you in your grief.

“ Terry was a good, kind soul. His respect for all people during my career at Sam made me a fan. His gentle kindness to Tracy this past year made me a super fan. He will be sorely missed.
