

Thomas Ray Countryman

June 3, 1942 - October 24, 2024

Thomas Ray Countryman, age 82, passed away peacefully at his home on October 24, 2024. He was born in rural Huntsville, TX on June 3, 1942 to Jody and Grace Countryman.

Like a lot of boys that grow up in the country, he loved to hunt and fish and that continued into adulthood. Loved to hang out with the boys and he was infamous for playing a round of 42 whenever he got the chance. He will be missed dearly by those who knew and loved him.

Thomas is preceded in death by his parents Jody Countryman and Grace Ellisor Countryman; brothers Jesse Countryman, Leonard Countryman and JC Countryman; sisters Margarete Walker, Winnie McKinze and Minnie Brown, and great grandson Cash Lane Artherholt.

He is survived by his sister Gracie Moore; daughter Stacy Stringer; son Bradley Countryman (Sara); grandchildren Colby Artherholt (Emily), Courtney Farmer (Korey), Chris Countryman (Kayla), and Jacie McCarty (Jeremy) and is also survived by great grandchildren Braylenn Falkenbury, Tatum Falkenbury, Cord Artherholt, Codee Artherholt, Bronx Owens, Bayleigh Countryman, and Quinn McCarty.

A family memorial will be held at a later date. Memorial condolences to the family may be made at www.shmfh.com.

JB

“ Sincere condolences to the Moore & Countryman families on their loss of Thomas Ray. It had been many years since the reunions I had attended with my dad. It was wonderful times back then seeing all the family we loved and missed. God Bless.... 🙏

“ Thomas Ray will forever go down as the most fun person ever on a trail ride! As a kid, he taught me a lot about horses and riding. He knew how to work a crowd, riding all the way up to the front making sure that the lead horse knew the way, then falling all the way to the back bringing up the rear spreading humor and laughter the entire day. He inspired me to be more sociable and to become a great horseback rider. We lost touch as I grew up, but he will always be remembered as a fine man and one hell of a gravel road skier. For those of you who may not know what that is, you grab a hold of the horse's tail, plant your feet on the gravel road and hang on!! As the horse continues walking and eventually trotting you are literally pulled behind the horse like a skier on water skis. You had to have great balance and a lot of liquid courage! Thanks Thomas Ray for pulling that memory out of the rolodex!! You will be missed.
