“ *My condolences to his family and friends on your loss. He represented me in a criminal matter in the mid 80's that I had foolishly gotten myself into. I received about the best outcome possible from a very tough judge, and always felt his representation of me had much to do with that. So thanks again for your service to me. Marvin Hegar*

“ *A wonderful classmate that I had not see for years until we met a dozen years ago for a few days of fly fishing at Lake City. Such fun to start conversations like we had just been away to college for a year. Will miss you Van.*

“ *What a wonderful tribute to Van and his life as told in the obituary. He faced his final illness with dignity and courage. Pat and I were able to visit with Van and Jeannie at the Lazy S in April and laugh about the good old days. It was such an inspirational visit. RIP, my friend.
