“ *Wayne, I just heard about Wanda's passing. I am so sorry. I will always remember her as the high school girl who never failed to give a friendly greeting to a little 4th grader who looked up to the pretty cheerleader. She was a sweet, sweet person and I thought a lot of her. You two were some of my favorite neighbors of all time. I think of you both with great fondness. I pray you will find comfort in knowing her pain is gone and her memory lives on with those of us who had the privilege of knowing her. God bless.*

“ *As I read these words from your friends and love ones I see how many lives Wanda touched in a positive way. She was such a dear friend and I have so many wonderful memories of our years together. Though we have not been in close touch these last few years she and her family will always hold a special place in my heart. Knowing that know she is finally out of the pain she has suffered for so many years is a blessing although the loss of her smile and love will be missed by everyone. Wayne, Randy, and Brittany know that you continue to be in my prayers and may the Lord give you that PEACE that passeth all understanding.  
Love,

“ To Wayne and Family,  
I wanted to wish you condolences for Wanda's passing. My mom and Jackie told me about it in our last phone conversation. I truly wish you and your family my warmest sympathy. I loved working for Wanda. She was a great and understanding person! I loved talking to her. She was so caring when I worked for her and my grandpa passed away! I know that she is in a better place looking down on you and smiling! She was so proud of her family! My prayers are with you in your time of sorrow. Just know that she is with the Lord singing His praises!  
Wayne Karlee sends her love and sympathy. She says that she misses having you as her principal!

“ *Mr. Stewart and Family,  
I wanted to express my sympathy during this difficult time. As difficult as it is I know in my heart that she is in a place where she feels no pain and is breathing easily. She was a wonderful lady and touched the life of anyone who she came in contact with. I had the pleasure of knowing her as a patient from Cuero Community Hospital but after getting to know her and her family I truly felt that I had made a friend. Mr. Stewart you are one of the strongest people I have ever met and your devotion and love for your wife is something that is immeasurable. I hope that you can find strength in God during this time and know that Mrs. Stewart is now in a better place where she will continue to look over her family as they had looked over her.*

“ Dear Mr. Stewart and family,  
We wish to express our heartfelt sympathy to you during this difficult time as you say a farewell to your beloved wife and mother. You have always been a devout and loving spouse to Mrs. Stewart during all these years together. She drew so much strength through your humble service and dedication to her daily needs in both sickness and in health. Her strength now continues on in the Lord as he has called her unto Himself. We realize His strength during this time is also with you and your loved ones.

*We pray that His hope, grace and blessings may be abundantly yours and that the Risen Christ be your hope in the days to come.*

*Love,*

“ I am a respiratory therapist at Cuero Community Hospital. I always thought of Wanda as a very special person because of her patience in dealing with her long illness and her basic sunny personality. Wanda and her husband always seemed so patient and loving with each other and with all of us (the healthcare workers that intruded in their lives while trying to take care of Wanda's illness). I always felt better after I talked to Wanda. I am glad that she is resting without pain now. May God bless all of her family and please remember that you are in our prayers.
