“ Working at Head Start as the Social Services Coordinator for over 12 years, I came in contact with hundreds of parents. Only a small number of parents left unusually impressive memories that will remain in my mind and heart till my last day. Wendy was one of those parents. A beautiful young mother inside and out; I never heard her say a cruel word about any body. She was so loving and devoted to her children, it was so evident in all that she did for them. She beamed with pride when it came to her children,

During the time that I was at Head Start and Wendy's children attended, Wendy was almost daily coming by my office to see if I had any volunteer work that she could do for me. She would always volunteer to cook for our activities and boy could she cook! She was so involved with her family and the community. She had such a zest for life.

In your short life you left your beautiful mark in this world in so many places and in so many people. Thank you for leaving your mark on me. RIP
