“ *My deepest sympathies to Billy's (William) family and friends. I was born and raised in Plaquemine, Louisiana, and am his maternal first cousin. His mom and my mom were sisters. I haven't seen him in a long time, but think about him and his siblings all the time. From what I understand, he was very well liked, and had an outpouring of love at his funeral. What a legacy to leave. May you rest in peace Billy and have a fun time visiting with all of your relatives that have gone before you. My love to Brenda, Johnny, and Johnny.*

Kathy Cardinal McCoy.*

“ I have many good memories with Little Willy, which is what you were called when we met. The memories that weren't so good are long forgotten. God must have known we were both needed in other families besides the one we made together . He let us have new families to love and make new memories with. Our most precious was our children Dyson and Denise. They are the most blessed thing that came from our time together . I know you were so very proud of them both in the loving caring people they had become. As you told me just a few short weeks ago. Of course from them came our amazing grands and greats along with another daughter and son to love. They all had such great memories of time with you. My love and heart are with all our children and their families . I am so sorry for your huge loss my loves. So thank you William for the life we had together , as well as the friendship afterwards.
