“ Greg, so sorry for your loss. I was thinking about Pamela Lailani this morning and was wondering what had happened to all of you. Found your dads obituary and saw that Pamela, Dennis, Randy and your mom had all passed. After y'all moved to Spring Branch I came and spent a few days with Pamela I remember your dad coming home from his night shift with the HPD. We were all outside. He had taken a shower, called us all to come sing with him as he played the organ. Your mom liked her Hawaiian music albums. And I remember she had a love of animals. Her hamster that lived in a small waste basket in her bedroom, and the day he got out and all of us searching for him before your mom got home. Pamela looked in the oven before she turned it on and there he was. I still remember the PET rat family y'all had and how one morning all of you (kids) thought it would be funny to put all of them on my back while I was asleep. I was so mad at yall. To this day I have a strong aversion to rats and mice. Not sure if you will see this, but I hope you do. Maybe will bring back some funny childhood memories. I lost my brother Dennis Johnson in 2020 to Covid. Stay safe old friend. Sharon Johnson
