“ Bill,
I am very sorry for the loss of your father. Although I did not know him that well, I have heard many stories about him and the old days at the plant. I know you and Mike were every proud of him as you should be and that you will miss him daily. All will be rejoined as a family someday. Best wishes to you and the family. Ray Bell

Blackie was the Maintenance Shop Foreman and head mechanic when I worked a few years at Jefferson Chemical. He was one on the friendliest and smartest men I have ever known. I was a young guy learning my way around and Blackie always had sincere patience and genuine support for me. I remember him fondly.

“ We have lost a great story teller, father, grandfather, great-grandfather, brother, uncle, and a much loved family member. Virginia and I know you miss him but he is where he has wanted to be since Aunt "Poodle" died. Both of them helped me to grow up. They both loved Virginia and made her feel special. I thank God for the both of them now together forever. We will see them one day soon!

“ I was so sorry to hear of the passing of your father. I only met him once. We were at the old community center in Willis on election day several years ago. He "politician" for you and me for my my boss, Sheriff Williams. It was a cold and blustery day and we spent most of our time hiding in my pickup truck from the elements. He was a very personable man and I enjoyed our visit very much. I felt as I had made new friend at the end of the day. He was made of the "right stuff". I know you will miss him.
