“ *I don't know if this message will be read at this late date, but I will go ahead. I only met Bill once on a visit to my late, great grandmother Laura's, to whom we all referred to as "Gram". That was 30 quick years ago! I want to express my sympathy for all the rest of his family;*

May God Bless You All.

Our deepest sympathies in this time of ultimate loss. You will be in
all of our prayers. Although many miles and many years have gone

“ Our deepest sympathy to you and your family. My wife and I were
friends of Bill during and after high school. Bill was in the gang of
close friends that we grew up with in Bedford. Bill and I attended
Williamsport Community College where we were room mates for a
semester. Although we haven't seen Bill for many years memories of
all good times we shared growing up as kids will always be
remembered.

“ *Debbie - I knew Bill as a dedicated hard worker that I had great respect for. I also knew him as a person who enjoyed life and his family. One memory away from work that I have of Bill was of him driving the ski boat and encouraging others to ski. I think he enjoyed that very much. He will be missed and will be remembered for the positive impact he had on those of us who had the pleasure of knowing him. May God provide you peace in knowing that Bill is in Heaven with him.*

“ *Debbie&Family,*

It is sad that we have lost Bill after a long and difficult illness during which time he made every effort possible to continue working and be with his family and friends as long as possible.

I consider myself very fortunate to have had the opportunity not only to have known Bill, but also to have worked with him. It is not very often in today's busy world, we meet some one like Bill. He was truly one of the most dedicated engineers that I have every worked with. I am sure that he exhibited the same qualities in his personal and family life. His smile exhibited something beyond words to describe. I like to remember those unusual smiles as Bill's "trade mark".

The expressed condolences from everyone are most appropriate at this time; however, it will be the thoughts and memories of Bill's life that will sustain you and yourZ family during this time of sorrow and provide comfort during the days ahead. I will keep all of you in my prayers.

*My deepest personal sympathy.

“ *To the entire Saxman family:*

I was deeply saddened to hear of the passing of Bill. Throughout the week I have thought about the times we had growing up in Bedford, from the Trinity Lutheran Church, to the days spent at the cabin the old gang of friends built in our woods, to racing carts on the hills of Lakewood, high school and beyond, and how cute Wendy and Charitie were as kids. I have talked to alot of the old friends this week from Lorenzo , Dale, Zane, Red, Moon and others, we all felt that even though we have lost contact over the years, we still consider Bill as one of our closest friends and memories of him and our youth will live on. From all of us here in Bedford our prayers and condolences go out to your family. Ice

“ From about age 4 to 14 Bill and I may have spent more time with each other than with anyone outside our own families. We grew up and Bill went to Texas and I went to New England, but you never forget those early years, and I won't forget Bill. The memories are good ones.
