“ *We were so sorry to hear of your dad's passing, Bryan. It brings a smile to us, though, to read the other comments posted thus far about Woody. He was, obviously, a very pleasant, well-liked, and respected man. Those will be warm memories for your heart and mind. We will be praying for Kelly and you as well as your mother, brother, and other extended family members now--as you say goodbye and celebrate your dad's life--and in the days ahead, too. "May the God of Hope fill you with all Joy and Peace as you trust in Him, so that you may overflow with Hope by the power of the Holy Spirit." (Romans 15:13) In deepest sympathy with loving thoughts...*

“ *I was deeply saddened to learn of Woody's death and I would like to
express my sincere sympathy to you and your family. Woody was
highly respected by everyone in the heat treating industry, and was
regarded as a leader by everyone who ever worked with him.*

*Woody's contributions to the people in heat treating and his selfless
service will always be remembered. He was a major part of the
development of not only the HT Industry, but many of its members.
His contributions will not be forgotten.*

*Please accept my heartfelt condolences at this difficult time and I
ask you to please pass these sentiments on to your entire Family.
Woody was a remarkable man. Knowing him personally, I am well
aware of the difference he made in the lives of many people both
within the heat treating industry, and in his private life. Many will
miss him.*
